## EDUCATION

### Master of Computer Application

Manav Rachna International Institute of Research and Studies, Faridabad

2021 - Present

### Bachelor's in Computer Application

MDU University, Haryana

2017 - 2020

### Class XII(CBSE)

Meenakshi Public School, Gurgaon

2017

### Class X(CBSE)

Meenakshi Public School, Gurgaon

2015

## PROJECTS

### BUG TRACKER SYSTEM (06/2018 - 07/2018)

- The fundamental idea is to create a web application using JAVA, JSP, and MySQL, that allows customers to contribute feedback and complaints about various items to a single platform, where they are resolved by experts. This concept aims to improve bug tracking and provide consumers with more challenges.
- [GIT Repo: https://github.com/hardiksaini10/Bug-Tracker-System.git](https://github.com/hardiksaini10/Bug-Tracker-System.git)

### The Investor (07/2022 - 08/2022)

- The goal is to develop a web-based tool using HTML, CSS, and JavaScript for crowdsourcing funding for a project or company. There are three parties involved: a project campaigner or entrepreneur, a website platformer, and a crowd or investor who together make up the crowdfunding business. The website platformer's responsibility is to bring the other two parties together so that they can interact.

### E-Portfolio

- An electronic portfolio is a collection of electronic evidence assembled and managed by a user, usually on the Web, and created using HTML, CSS, and JavaScript. Such electronic evidence may include input text, electronic files, images, multimedia, blog entries, and hyperlinks.

### Library Management System (06/2019 - 07/2019)

- The basic concept is to design a user interface using Python and MySQL that enables the librarian to manage all editing, updating, and managing books by entering information about books and customers. This seeks to enhance library management and offer easily accessible book and user data storage.

## SKILLS

JAVA

C#

MySQL

HTML

CSS

JavaScript

PHP

## INTERNSHIPS

Software Developer Intern - AAM Infotech Pvt. Ltd.  
(06/2018 - 07/2018)

*Worked on Full-Stack Development and designed a Bug Tracker system.  
Tech Stack: JAVA, JSP, MySQL, HTML, CSS, and Android Studio.*

Trainee Software Engineer - SSDN Technologies Pvt. Ltd. (06/2019 - 07/2019)

*Developed a Library Management System using Tkinter GUI toolkit. Tech Stack: Python and SQL.*

## PUBLICATION

REVIEW ON ETHICAL HACKING AND ITS TECHNIQUES  
(08/2022)
